This tall man was Doc Holliday, but as long as there are stories and legends of the Old West, he will not be remembered as Doc Holliday.

One thing has puzzled writers on the Old West for years. A careful examination of the career of Doc Holliday reveals that for some strange reason, when he seemed to come into conflict with the law, something unusual would take place. Either the law would look the other way or act as though to condone what he did.

We now know that during this period of time he was a member of the famous Lower Mountain Detective Association which was headed by General D.I. Cook. And at the same time Doc Holliday was sort of secret agent for the railroads and stage companies. Thus he was working hand in hand with the law authorities all the time.

This particular story concerns an episode when he was visited by General Walter Henderson of the United States Army, General Juan Gomez of the Mexican Army and Mr. Thomas Potter field representing the President of the United States. Mr. Butterfield did the speaking.

"We are going to send gold with a train to Mexico. It will carry six million dollars in gold. The ultimate destination of this bullion is Mexico City. It is to be used to pay the interest on bonds due held by people in Europe. This is absolutely necessary to prevent any armed interference by a certain government abroad.

We suspect, but we do not have proof, that this certain government would do anything to prevent that gold from reaching its destination. We have from our secret agents that Jim Cooper is adding many more men to his gang. And that he is connected with Ramon Cardoza, the border outlaw. Who is also adding many men to his outlaw group.

We are prepared to pay you $25,000 plus expenses to get that gold safely across the border in the train. At that point the Mexican army will take over. What do you say?"

"I accept on one condition," was the reply. "That I have absolute power over the shipment as well as over any military men that may accompany me."

The condition was accepted. And one month later the train started on its destination. There was a second locomotive in the rear of the train. It would be used as a "pusher" over high mountains. The train only travelled during the day time. For six days nothing happened. On the seventh day they saw logs across the tracks. Doc Holliday was with the engineer.

"Lower the special attachment to the cow catcher," he ordered. "It will lift the logs up. Then full steam ahead."

This was done and no further trouble was encountered until the ninth day. The train could go no further. The track had been ripped up. Then what looked like an army descended upon the train. The fighting was furious. After an hour, Doc Holliday hoisted a white flag. Jim Cooper came over to talk to him.

We will soon run out of ammunition," conceded Doc Holliday. "I am not a soldier but I have always treated it what is to be done. You take the gold and agree to leave us alone."

"All I want is the gold," said the outlaw. "Too bad I have to split with Cardoza. Open the baggage compartment. And no tricks. I'll check the chests."

Each chest was opened. And the bright gold bars were all there. They were loaded into wagons. And Jim Cooper waved a farewell to Doc Holliday. The train remained in position until the last outlaw had vanished from the horizon. Then Doc Holliday gave an order.

"Tell the repair crew to fix the track when it gets dark. Then we travel full steam ahead at night."

Jim Cooper did meet Manuel Cardoza and they re-checked the gold. This time the Mexican outlaw scratched deeply into one bar.

"It is plated," he yelled. "You fool! This isn't gold. Only gold plated brass bars."

Well, where was the gold hidden? Really, it was in the second coal tender attached to the pusher engine. Clever, eh?

WILL YOU SPEND $2 TO SAVE YOUR HAIR?

How many hard-earned dollars have you spent to save your hair? How many hair tonics, gadgets, restorers, electrical devices, have you tried in the last few years — with no success? How many times after an unsuccessful hair-growing attempt have you sworn not to spend another cent on another hair treatment?

Yet, you buy the next product that comes on the market with hair-growing claims.

Stand in front of a mirror, take a long hard look at the top of your head. What have you to show for the money you spent on hair restorers? Do you have as much hair as one year ago? Do you see any signs of new hair, or new hair growth? Why the failure?

CAN YOU GROW HAIR?

Doctors who have spent a lifetime studying hair and hair growth have concluded that nothing now known can grow hair on a bald head. So, if you are bald, prepare to spend the rest of your life that way. Accept it philosophically and quit spending hard-earned dollars on hair growers.

If you can't grow hair — what can you do? Can you stop excessive hair loss? Can you save the hair you now have? Please read every word in the rest of this statement carefully. It may mean a big difference to you — the difference between saving your hair and losing it.

Itchy scalp, hair loss, dandruff, very dry or oily scalp, are symptoms of the scalp disease called seborrhea. These scalp symptoms are often warnings of approaching baldness. Not every case of seborrhea results in baldness, but doctors now know that men and women who have this scalp disease usually lose their hair.

Seborrhea is believed caused by three parasitic germ organisms (staphylococcus albus, pityrosporum ovale, microbacillus). These germs first infect the sebaceous glands and later spread to the hair follicles. The hair follicles atrophy, no longer can produce new hairs. The result is "thinning" hair and baldness.

If you are losing your hair due to seborrhea, here is good news. Treat your scalp to Ward's Formula. This amazing scalp medicine quickly controls seborrhea and stops the hair loss it causes.

Doctors and hospitals can obtain professional samples of Ward's Formula on written request.

Male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss, for which neither the Ward treatment nor any other is effective.

DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills these three parasitic germ organisms retarding normal hair growth. This swift germicidal action has been proven in scientific tests by a world-famous testing laboratory (copy of laboratory report sent on request). Ward's removes infectious dandruff, stops scalp itch, brings hair-nourishing blood to the scalp, tends to normalize very dry or oily scalp. In brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 350,000 men and women on our famous Double-Your-Money-Back Guarantee. Only 1.9% of these men and women were not helped by Ward's and asked for their double refund. This is truly an amazing performance.

Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. *Try it at our risk.* In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp itch must stop. Your hair must look thicker, more attractive, and alive. Your excessive hair loss must stop. You must be completely satisfied — in only 10 days — with the improved condition of your scalp and hair, or simply return the unused portion for Double Your Money Back. So why delay? Delay may cost your hair.
